

**21 February, 2020**

## **Joint pre-press release – Medical Fair India and Association of Indian Manufactures of Medical Devices - AiMeD**

The 26<sup>th</sup> edition of Medical Fair India 2020 (MFI) is slated to be held from 05-07 March, 2020 at Bombay Convention and Exhibition Centre in Mumbai. It is a prominent exhibition and conference for healthcare industry in the Indian Subcontinent. A part of the "MEDICAlliance" family of trade fairs, it is organised by Messe Düsseldorf India in cooperation with MEDICA and active support from the Indian healthcare industry. It is being held in the backdrop when Indian healthcare industry is witnessing remarkable growth over the last two decades. The foreign investments have made the medical devices market a fast moving sector contributing to the GDP. While Indian healthcare sector is diversifying, the opportunities are emerging in every segment. Together with MEDICAlliance and in close cooperation with Association of Indian Manufacturers of Medical Devices (AIMED), this edition promises to bring together all the stakeholders from the Medical and Healthcare Industry.

The 'MAKE IN INDIA' Pavilion formed by AIMED at Medical Fair India 2020 has always been a centre of attraction at the show. Under the pioneering vision of Mr. Rajiv Nath, Founder, AIMED, his voice represents the interest of over **1000** Manufacturers of Medical Devices in order to promote global harmonization and respect for the Indian Device Industry.

The presence of AiMeD at Medical Fair series of events is aimed to allow and provide platform to their members, who join the exhibition and conference to showcase, participate and promote Indian products and services in the relevant markets.

Messe Dusseldorf group is privileged to have AiMeD to set the "Make in India" tone to ensure overall growth of Indian Medical Devices Industry. The accompanying programme also helps in wider dissemination of information to each player of the industry.

Both MFI and AiMeD work with the common objective of offering a consolidated platform to connect the industry fruitfully ***with various Stakeholders of the Healthcare Delivery Eco System to attempt to address their needs.***
