SMART Grow

Can Small Hospitals grow, attain scale? What is needed to achieve this?

Smart Hospitals Pavilion is created to help Business Owners of Small Hospitals, Daycare Centers, Clinics etc to **LEARN** to **MANAGE** their businesses, in alignment with changing market needs and business scenarios.

While mid-sized and large healthcare businesses are able to tweak & reposition their business models to suit the needs of changing market dynamics, Smaller Healthcare Businesses are slow to **ADAPT** to the **CHANGE** !.

WHY ATTEND SMART HOSPITALS BUSINESS SESSIONS ?

Healthcare Sector has been adopting multiple Tech enabled Solutions over the years - be it Medical Technology Solutions or Health Technology Solutions

Technology led businesses are able to create a deeper connect between Care Providers and Care Seekers, by offering wider options to communities to choose from various service providers.

This is the time for Small Hospitals to **THINK FUTURE SMART** and focus on providing solutions to meet the needs of **SMART PATIENTS**.

This year's Theme for Smart Hospitals Business Sessions is to create focused discussions around how **Small Hospitals CREATE Smart Growth Enablers**.
